About this guidance

This guidance will help you to decide whether the Power to Change Community Business Bright Ideas programme is right for you. It includes information about the types of projects that Bright Ideas is designed to support, as well as the criteria that will be used to assess applications.

The guidance also provides information that will help you to complete the application form.

Part one: Explores the criteria and will help you to decide whether Bright Ideas is right for you.

Part two: Provides information about the support and grant opportunity available

Part three: Provides information about how to apply and the application and assessment process.

Part four: Offers detailed notes that will help you complete your application, including a preview of the application form.

Introduction

About this programme

Do you have a bright idea for a community business? Need a bit of help developing it and making it a reality? Then this is the fund for you. Bright Ideas provides business development support, grants of up to £15,000, and opportunities to learn from other community businesses.

Power to Change is an independent trust, whose funding is used to strengthen community businesses across England. At a time when many parts of the UK face cuts, neglect and social problems, we are helping local people come together to take control, and make sure their local areas survive and stay vibrant.

No one understands a community better than the people who live there. In many areas, people are already coming together to solve problems for themselves, and our support can help get businesses off the ground which recycle money back into the local area and benefit the whole community. Community businesses revive local assets, protect the services people rely on, and address local needs.

Between 2016 and 2018, the Bright Ideas programme was jointly funded by Power to Change and the Ministry for Housing, Communities and Local Government. It is currently fully funded by Power to Change. Since 2016, Bright Ideas has supported 120 nascent community businesses. Power to Change has committed a further £3 million to support 150 new community business ideas over the next three years. There are two rounds planned for 2019 and we

expect to support between 30 to 35 groups in each round. As before, we're interested in community groups, associations and organisations who have a good idea for a community business but need advice and a small amount of revenue funding to develop, test and get to the stage of launching their community business.

The Fund remains open to applications from aspiring community businesses working anywhere in England and in any sector – although we do have some priority places of interest and some specific advice for making successful applications in particular sectors, explained in this guidance.

Community support provider Locality is delivering Bright Ideas on our behalf in partnership with Co-operatives UK, the Plunkett Foundation and Groundwork UK.

Please read through this guidance and if after doing so, you believe your organisation fits our criteria, then we would welcome an application.

Some community business Bright Ideas we're supporting:

A community-led cookery school and catering enterprise in an ethnically diverse neighbourhood to improve social cohesion and skills

A community transport scheme to link isolated rural villages and give elderly people more independence

A community food club tackling food poverty through pop ups

A community darkroom to give local people a place to be creative and turn a hobby into an income generating business

We seek to be a genuinely inclusive organisation by advancing equality and diversity through our policies and practices. We encourage and welcome applications from people from all backgrounds who are looking to make a real difference to the lives of their local communities.

Part One | Can you apply?

Do you have a community business idea

To be considered for support and funding through Bright Ideas, you must be based in England and you must demonstrate how you meet each of the following 6 criteria:

1. Are you a community business?
2. Are you an incorporated or unincorporated organisation, but not an individual?
3. Have you been established for five years or less?
4. Do you have a charitable purpose?
5. Is your project for public benefit?
6. Does your idea focus on one of our impact areas?
7. You must make your community business accessible and inclusive

1. You must be intending to become a community business

Bright Ideas aims to support new community businesses, which may not yet meet all of the criteria, as defined in the table opposite. However, we expect you to be able to demonstrate your commitment to becoming a community business and be able to explain how support from Bright Ideas will help you move along this journey.

The four key features of a community business

Locally rooted

They are rooted in a particular geographical place. They build on the strengths and assets of that place to address community needs.

[Read the case study](#)

A group of Haringey residents have set up St Ann's Redevelopment Trust to lead a truly affordable new housing scheme.

Accountable to local community

This can be demonstrated in many ways (e.g. membership structure, ownership, broad range of local trustees) but you must have evidence of regular community input into decision making.

[Read the case study](#)

Litherland REMYCA Football Club allows anyone from the community to buy £1 shares and have a say in how its run.

Trading for the benefit of the local community

They have a clear trading model and sell services and products in and around their local area. The way the business is run and the profits it makes are used to deliver local benefit.

[Read the case study](#)

Permafutture Agroecology have set up a veg box scheme, with profits reinvested in tackling food poverty.

Broad community impact

They engage with a variety of different groups in their community and deliver impact against a range of different community needs.

[Read the case study](#)

Kitty's Launderette not only provides access to laundry services but also increases social cohesion through community events.

[Read an example of what we've funded](#)

Find out how Bright Ideas grantees meet the four traits of a community business.

Part One | Can you apply? Do you have a community business idea

If you can say yes to all the questions below, then your idea is for a community business.

Are you locally rooted?

You must be able to demonstrate that your organisation is rooted in a particular geographic place and responds to its needs.

Inspiring idea: Kitty's Community Launderette

Residents in North Liverpool had the bright idea to turn a disused launderette into a vibrant community hub, offering much more than clean clothes. Named after Kitty Wilkinson who helped her neighbours avoid a cholera epidemic by washing their clothes

in 1832, the new community launderette will provide a vital service. But it's also hoping to run events and creative activities in the space to increase social cohesion in the very diverse area. The Bright Ideas Fund has helped them register the business and secure the premises amongst other things. [Find out more about Kitty's Launderette.](#)

Will you be accountable to the local community?

Whether through a community share offer, membership, legal structure or regular community consultation, you will give local people real, ongoing decision making power to shape the business.

Inspiring idea: Litherland REMYCA F.C.

Litherland REMYCA Football Club has been around for over 50 years but only recently decided to become community-owned. They turned into a co-operative, with a one member one vote model so local people can have a say in the running of the club. The Bright Ideas Fund has helped them improve their community engagement, marketing, business planning and impact measurement skills. [Find out more about 'The Remy'.](#)

Will you be trading for the benefit of the local community?

You are or you aspire to be a business with a clear trading model, selling services or products to people in your local area, with profits used to deliver local benefit. All or part of your income comes from activities like running community transport or selling the produce you grow.

If you have not yet begun trading but you have plans to do so and can explain how and when you expect to begin trading, this may be sufficient to meet this criteria.

Part One | Can you apply?

Do you have a community business idea?

Inspiring idea: Permafuturo Agroecology

The town of Bentley near Doncaster in Yorkshire is a classic 'food desert' – 94% of people live within walking distance of a fast food outlet and there is no independent greengrocer serving the town's 21,000 strong population.

Set up with the intention of promoting restorative and urban farming to create new opportunities for economic regeneration in the area, Permafuturo Agroecology accessed funding through the Bright Ideas Programme to become a co-operative business and to set up a veg box scheme. Profits from the veg they sell will be used to repair and maintain a disused horticultural training centre for the benefit of the local community.

[Find out more about Permafuturo Agroecology.](#)

Will your business have a broad community impact?

Your organisation will benefit the community as a whole, and you can clearly evidence the positive social impact that your activities have on the broader community. It will be inclusive, and give opportunities for people with different abilities and backgrounds to get involved.

Inspiring idea: St Ann's Redevelopment Trust

When part of St Ann's Hospital in Haringey, North London was put up for sale to private housing developers, only 14% of those proposed new homes were classed as "affordable". In response, a group of Haringey residents and workers set up a community land trust, a membership organisation of 350

people who live, work or have strong connections to Haringey. It aims to build 500 genuinely affordable homes on the hospital site currently up for development and will work closely with City Hall who have now purchased the site.

Through the Bright Ideas Fund, StART developed its business plan, revised its financial model, improved its accountability to the community and produced a brochure for investors. [Find out more about StART.](#)

2. You must be an incorporated or unincorporated organisation, but not an individual

Bright Ideas cannot fund individuals, but we can fund unincorporated groups such as charitable trusts and unincorporated associations.

If you are unincorporated at the time of application, we would expect your application to include a request for support and advice to incorporate. Please note, we cannot make grant awards to unincorporated organisations. In such circumstances an incorporated fundholder must be nominated. This could include a local Voluntary and Community Sector organisation or a Parish Council. Please get in touch if you are unsure.

Part One | Can you apply? Other eligibility criteria

We fund a range of incorporated organisations. Examples include:

- Charitable Incorporated Organisation
- Community Benefit Society
- Community Interest Company Limited by Shares
- Community Interest Company Limited by Guarantee
- Co-operative Society
- Registered Charity
- Company Limited by Shares
- Company Limited by Guarantee

3. You have been established for 5 years or less

Bright Ideas aims to support new community businesses and we will therefore not accept applications from well-established organisations, defined as 5+ years old. This also applies to organisations that are over 5 years old who are promoting a 'new' community business idea. We will look at your date of incorporation to decide whether or not you are eligible for the Fund. We will be flexible in applying this criteria so, for example, if your date of incorporation is January 2014, but you have not yet begun trading as a community business, we would consider you eligible. Please contact Locality at: brightideas@locality.org.uk if you are unsure about whether you meet this criteria.

4. You must have a charitable purpose

You must have a charitable purpose at the heart of the project you're asking us to fund, which meets charitable needs in your community. This does not mean that you have to be a charity as we will fund a variety of legal structures, but we cannot fund projects which don't further a charitable purpose.

We cannot accept proposals that promote the advancement of religion or that are party political in nature. This does not prevent faith groups from applying for a project which has a charitable purpose other than the advancement of religion.

We cannot fund local authorities or statutory organisations or services which are regarded as statutory or government provision.

More info

WHAT DO WE MEAN BY CHARITABLE PURPOSE?

You can find more information about charitable purpose on the Charity Commission website: <https://www.gov.uk/setting-up-charity/charitable-purposes>

WHAT DO WE MEAN BY PRIVATE BENEFIT?

Any personal benefits people receive through the community business must be no more than a necessary result or by-product of delivering public benefit.

Personal benefits could include financial payments to the owners of a property that an organisation uses or membership benefits. These private benefits need to be incidental in both nature and amount. Returns from community shares are allowable. Find out more:

<https://www.gov.uk/government/publications/examples-of-personal-benefit/examples-of-personal-benefit>

Part One | Can you apply? Tips for specific sectors

5. You must run for public benefit

For a project to be charitable, it needs to have both a charitable purpose and to be for public benefit. This means that the community business you are intending to develop must create benefits for a sufficient section of your community, including people who are experiencing disadvantage. If your project is only going to benefit a few people in your community or will only provide benefits to people who aren't experiencing disadvantage, we may not be able to fund your project.

6. You must share our impact areas

Your community business idea must be intended to deliver benefit in one of the seven core impact areas below.

If your application is successful, at the end of your project you will be asked to report against the impact area you selected.

1. Reduce social isolation
2. Improve health and wellbeing
3. Increase employability
4. Create better access to basic services
5. Improve local environment
6. Enable greater community cohesion
7. Foster greater community pride and empowerment

7. You must make your community business accessible and inclusive

As part of the application process you will be required to demonstrate how your project idea will ensure full access to disadvantaged groups.

If a feasibility study to develop a building is part of the application form, we will expect the work to include accessibility requirements to ensure the building is fully accessible.

Shortly after the submission of this application, we will be sending you our Equality and Diversity survey. This is not obligatory to fill out but if you do, it helps us make sure our funding supports a wide group of people.

For more information and guidance on Equality and Diversity, [see our guide](#).

Tips for specific sectors

The Bright Ideas Fund welcomes applications from any sector, except Community Pubs, which are currently supported through our [More than a Pub programme](#).

The tips below relate to sectors in which we have defined a more specific area of interest which Bright Ideas can support. This is because we want Bright Ideas to complement rather than duplicate other Power to Change programmes – e.g. housing and energy; and in other sectors which have generated a high volume of applications in the past, e.g. shops and cafés, we want to encourage original thinking.

Energy

Bright Ideas welcomes applications from new community groups and more established community businesses (no more than 5 years since incorporation) to establish the feasibility of and develop the business plan for a low carbon or renewable energy project. This includes projects with a focus on energy demand and fuel poverty reduction as well as projects that involve the generation, supply or management of energy.

Part One | Can you apply? Tips for specific sectors (continued)

The Fund can be used to support early development work, e.g. organisational set up, business planning, community engagement, as well as to cover the professional and consultancy costs for area-wide energy scoping studies and then determining the technical and financial feasibility of a specific energy project.

If you are a more established group, the [Next Generation Energy fund](#) might be more appropriate. This programme supports established community energy groups to develop innovative community led energy projects.

Housing

Bright Ideas has supported local groups who are at the very beginning of their journey to develop community-led housing, including those who have already identified a site and those yet to do so. The Fund will continue to consider applications at this early development stage of the process and offer support for groups to define their purpose and common values, to build genuine and broad community engagement, to develop appropriate decision-making, legal and governance structures, to campaign and build relationships with key stakeholders, or to carry out initial feasibility studies on a proposed site.

If you are already at the site acquisition and/or planning application stage, you will not be eligible for Bright Ideas. If you have an innovative approach or are based in the Bristol, Liverpool, Leeds, Birmingham or Tees Valley areas, you may be eligible for our [Homes in Community Hands](#) programme.

Shops

Bright Ideas receives a high volume of applications from community shops and only the strongest will be funded. For your application to be successful, you will need to demonstrate how your community shop will address a range of needs in your community, over and above the retail dimension. Have a look at the [2018 report on community shops](#) for inspiration and read about [Westbury Community Shop](#).

Cafés

Bright Ideas receives a lot of applications for community cafés and only the strongest will be funded. It can be challenging to make a financially viable trading model from a café and you will need to demonstrate that your café idea is part of a broader trading model that can deliver multiple benefits to your community. Have a look at our [success guide for cafes](#). We expect to fund very few, if any, further café projects. Read about [CafeINDIEpendent](#)

Tips for specific places

The Bright Ideas Fund welcomes strong applications from across England. However, we are particularly interested in applications from the following areas:

Bradford
Grimsby
Hartlepool
Leicester
Luton
Plymouth
Wigan
Liverpool City Region
Suffolk
West of England Combined Authority
(including Bath & North East Somerset,
Bristol and South Gloucestershire local
authorities)

This is not a requirement and we aim to fund projects from a range of different places and sectors.

Part Two | What can you apply for? Business Development Support

Our aim is to help you explore, test the feasibility, develop a viable model for your idea and take the first practical steps to launching your community business.

Bright Ideas will provide successful organisations with:

1. **Business development support:** Up to 12 days of business development support from Locality, Plunkett Foundation, or Co-operatives UK.
2. **Grant funding:** The opportunity to apply for a grant of up to £15,000 which can be spent on specific activities to develop your community business idea.
3. **Learning and peer networking:** Access to online resources, thematic webinars and the opportunity to visit and learn from existing community businesses.

1. The community business development support

If you are successful, you will be matched with one of our advisers. They will arrange an initial meeting with you to discuss and agree the scope and number of days of business development support. You must be able to start work with your adviser within one month of accepting our business development support offer and you should expect the support to last between 3-6 months, depending on your needs.

The support will be structured in a way that best meets your needs and could involve working one to one or in group sessions with your leadership team. Topics covered could include:

- incorporation, legal structures and governance
- community engagement and accountability
- business planning
- financial modelling
- market research
- community shares
- getting ready to trade
- securing and developing an asset

Please carefully consider the activities that you will be undertaking throughout your funded project, and whether any of them pose a risk to members of your organisation or the public. Remember, risk can take many forms – injury, financial loss, reputational damage, etc.

If you feel that there is a risk from any of these activities, it would be a good idea to consider including this in your project plan and something for which you could request support.

Part Two | What can you apply for? (continued)

The grant opportunity

2. Grant opportunity

After an initial meeting to scope out your project, you can apply for a grant. Your business development adviser will help you develop your grant application, a detailed budget and project plan.

The table below provides an indication of the range of grants we would expect to award to groups at different stages of their development.

| | |
|--|---|
| <p>Ideas stage</p> <p>You have an idea for a community business, but you may need support to engage your community or develop a proper organisational structure to take your idea forward.</p> | <p>Grant range £1,000 - £10,000</p> |
| <p>Pre-venture stage</p> <p>You have developed a new service or product that meets local needs, but you may need support for feasibility testing or business planning ahead of the launch of your community business.</p> | <p>Grant range £1,000 - £15,000</p> |

If you are awarded a grant from Bright Ideas, you may use it to pay for short/specific interventions such as legal advice/registration, surveyors, technical consultants and architectural services and more.

Please note that you can apply to Bright Ideas for the business development support only, but you cannot access the grant opportunity without the business development support.

3. Learning, events and peer networking

Once you have joined the programme, you will have the opportunity to visit other community businesses, access online resources, our series of thematic 'how to' webinars and attend grantee networking events run by Locality and Power to Change. We will also signpost you to other support providers and funding opportunities beyond Bright Ideas.

Part Three | Application Process

How to apply

To apply for support and funding from Bright Ideas you will need to complete a single online application form. Once the Fund opens for applications on 26 February 2019 you can find a link to the form on the [MyCommunity](#) website.

Please read this guidance before completing the online form. This section includes a preview of the application questions and tips on how to answer them. If you have any questions which are not answered here, please contact Locality at brightideas@locality.org.uk

Before you begin

To apply, you need to answer a few questions which will determine whether you are eligible for Bright Ideas. You can find this at: <http://mycommunity.org.uk/funding-options/bright-ideas-fund/>

If you are eligible to apply you will be automatically sent a link by email to the application form. The email will not be sent to you straight away - it will be sent overnight. The emailed link will remain live for 30 days, after which time it will become unusable.

If the link has expired and you still wish to apply (and the application window is still open) you can generate a new link by going through the eligibility checker again. If the link to the application form has not arrived overnight, please check your client security settings. You may need to add the email address: brightideas@locality.org.uk to your 'safe' or 'whitelist' so that the email address can pass through your spam filter or junk folder.

Filling in the online form

We recommend you complete a full draft of your application in Word before completing the online form. You will then be able to copy and paste your answers across and keep the Word copy for your records as you will not be able to retrieve the online form, once submitted. Please do not press the submit button at the end of the form until you are ready to do so. Click next to make sure updates are saved as you go through the form and then close the window. Click on the application link to return to your form. Once you have submitted the form you will not be able to make any further changes.

The deadline for submitting your application is midnight on 9 April 2019.

You can email us at

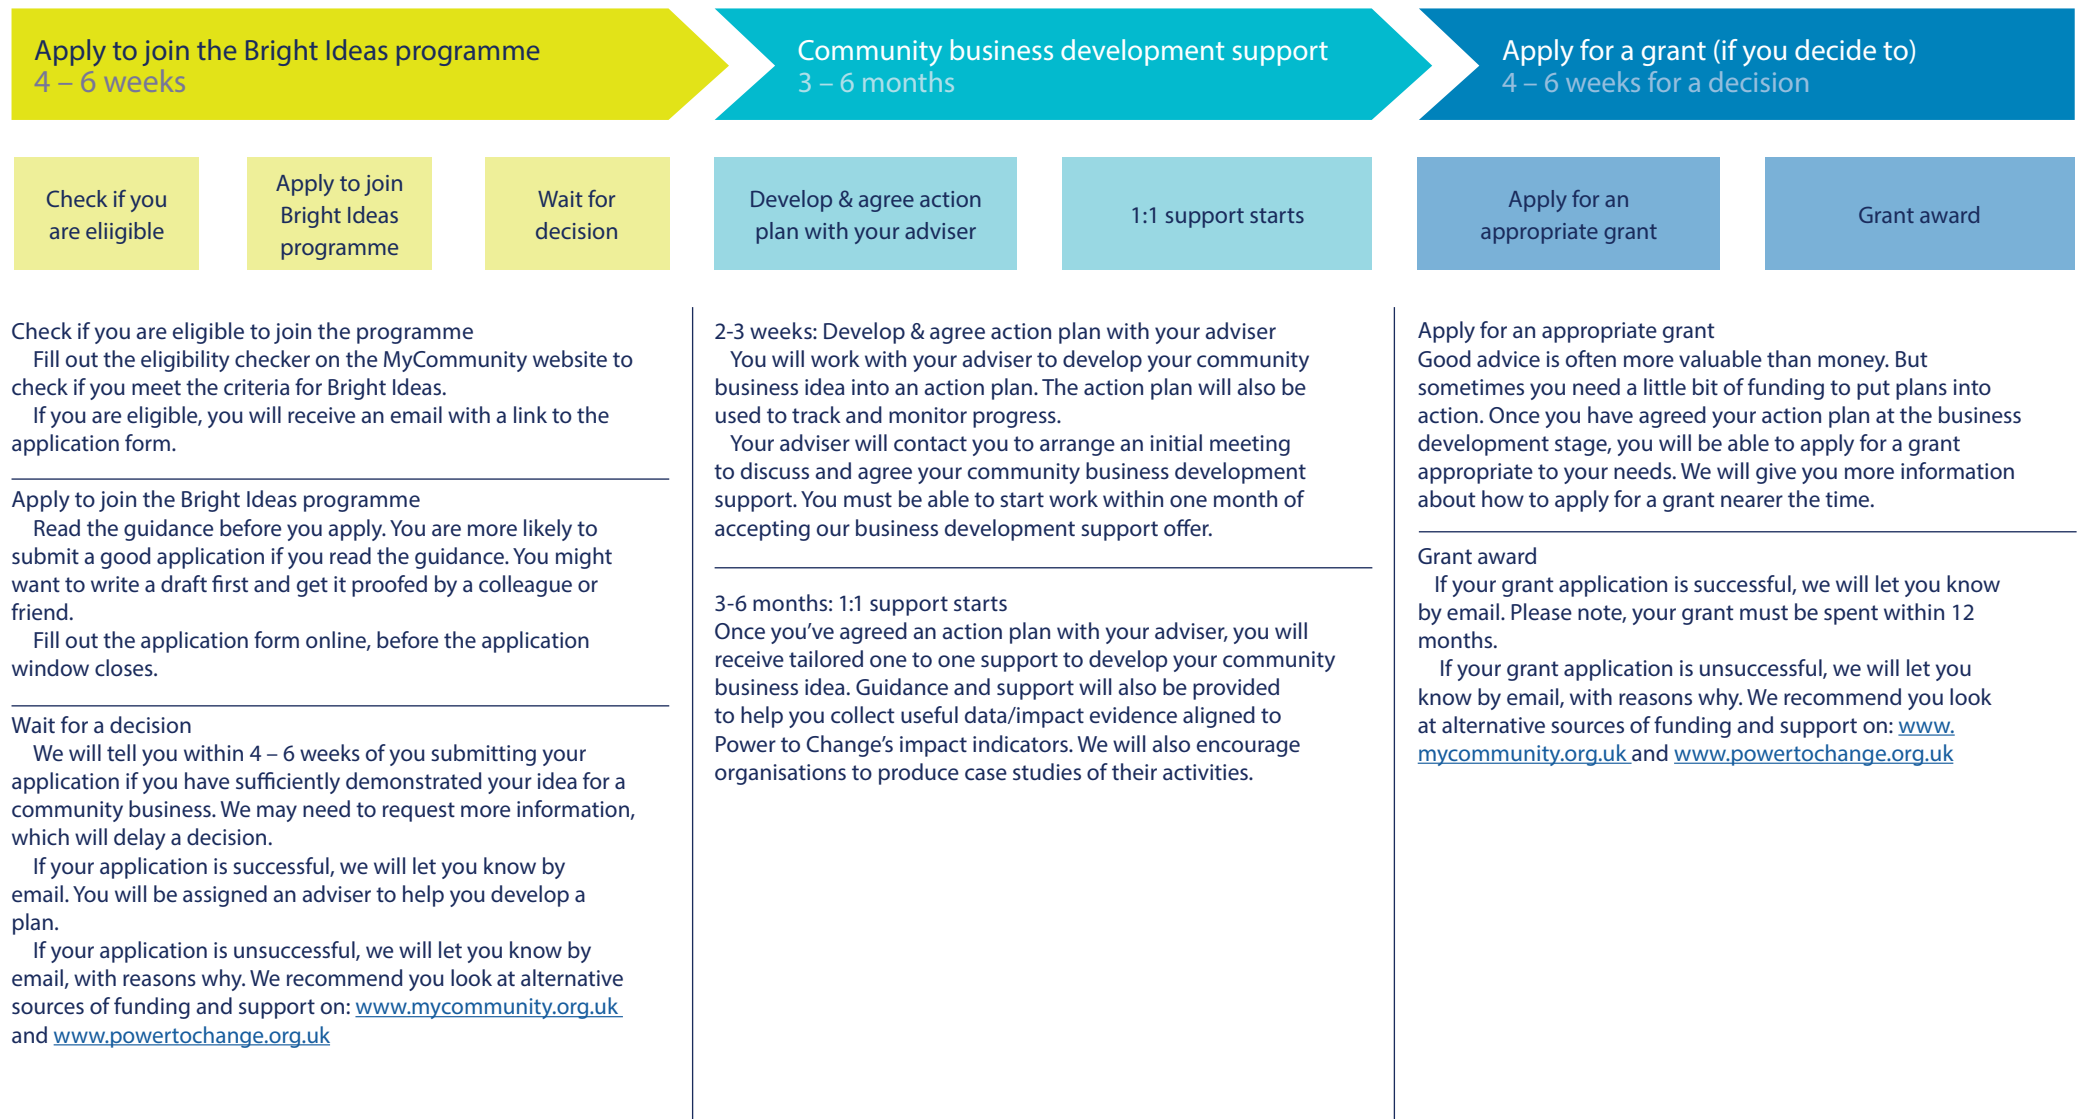

brightideas@locality.org.uk

For FAQs and additional information such as the webinar go to: <https://mycommunity.org.uk/funding-options/bright-ideas-fund/>

Part Three | Application process

How we assess applications and make decisions

Check if you are eligible to join the programme

Fill out the eligibility checker on the MyCommunity website to check if you meet the criteria for Bright Ideas.

If you are eligible, you will receive an email with a link to the application form.

Apply to join the Bright Ideas programme

Read the guidance before you apply. You are more likely to submit a good application if you read the guidance. You might want to write a draft first and get it proofed by a colleague or friend.

Fill out the application form online, before the application window closes.

Wait for a decision

We will tell you within 4 – 6 weeks of you submitting your application if you have sufficiently demonstrated your idea for a community business. We may need to request more information, which will delay a decision.

If your application is successful, we will let you know by email. You will be assigned an adviser to help you develop a plan.

If your application is unsuccessful, we will let you know by email, with reasons why. We recommend you look at alternative sources of funding and support on: www.mycommunity.org.uk and www.powertochange.org.uk

2-3 weeks: Develop & agree action plan with your adviser

You will work with your adviser to develop your community business idea into an action plan. The action plan will also be used to track and monitor progress.

Your adviser will contact you to arrange an initial meeting to discuss and agree your community business development support. You must be able to start work within one month of accepting our business development support offer.

3-6 months: 1:1 support starts

Once you've agreed an action plan with your adviser, you will receive tailored one to one support to develop your community business idea. Guidance and support will also be provided to help you collect useful data/impact evidence aligned to Power to Change's impact indicators. We will also encourage organisations to produce case studies of their activities.

Apply for an appropriate grant

Good advice is often more valuable than money. But sometimes you need a little bit of funding to put plans into action. Once you have agreed your action plan at the business development stage, you will be able to apply for a grant appropriate to your needs. We will give you more information about how to apply for a grant nearer the time.

Grant award

If your grant application is successful, we will let you know by email. Please note, your grant must be spent within 12 months.

If your grant application is unsuccessful, we will let you know by email, with reasons why. We recommend you look at alternative sources of funding and support on: www.mycommunity.org.uk and www.powertochange.org.uk

Part Three | Application process

How we assess applications and make decisions

Assessors will be using a standard scoring system for each section of the application. The assessment will establish how strongly you meet the following criteria:

Relevance to the overall objectives of Bright Ideas

Meeting our four community business criteria (or being able to show how you intend to meet them).

Strength of your community business idea. We can only support your idea if you can show it has potential for generating traded income.

Capacity to progress your idea within the time frame of the programme.

If you are successful, you will need to be able to begin work with your adviser within one month of receiving the offer of support and we will require all business development support to have been drawn down and your grant to be spent by **28 February 2020**.

Our assessment team will make an initial recommendation to the panel, which will consist of representatives from Power to Change and the Bright Ideas partners. We may need to contact you to request additional information, so please ensure that the person named on the application form has a good understanding of the community business idea and is able to discuss it in further detail.

We assess applications and make decisions based on the strength of the application and the availability of programme funds. As a competitive process, we cannot fund every application that we receive, so some good quality applications may unfortunately be unsuccessful. Interest in the fund has been consistently high and we expect that to remain the case this time, on average we receive 13 applications for every available place for support.

The final decision about the amount of business development support and grant will be based on the strength of the application and the availability of resources. All decisions will be final and there will be no appeals process.

Part Three | Application process

Grantee support from Power to Change

We want to make it easier for community businesses not just to survive, but to thrive.

To help, successful applicants will get access to:

Twine

Our digital business insight tool uses smart but very simple technology to help you gather and make sense of the data that most matters to you to support:

- Financial sustainability
- Opinions and trends in your community
- Volunteer contributions

Successful applicants who subscribe to Twine will receive dedicated training and support, as well as tips and best practice from the data gathered through Twine by successful applicants and their peers.

Find out more on www.twine-together.com

Power Up! grantee events

All the community businesses Power to Change invests in are invited to our Power Up! events. There you'll find out how to maximise your relationship with Power to Change, and build connections with other community businesses across England.

[Resources and advice](#)

Our website www.powertochange.org.uk has a host of free resources for growing your community business. And our sector experts regularly give valuable insight and advice via our [blog](#) based on research and experience.

Policy and research

Our in-house [Research Institute](#) is always commissioning research about how community businesses work and often look to our grantees for best practice. Our research can also help you make the case to other funders and investors.

Our policy team work to influence the political agenda in favour of community businesses. We often ask our grantees for evidence to submit to government committees.

Events, media and podcast

Power to Change tells the story of community business at a regional and national level, in the press, online and at key events throughout the year. As a grantee, we will offer you opportunities to be interviewed or speak at events about your experience to inspire and influence others.

We also have a monthly podcast, [The Community Business Fix](#), and regularly feature our grantees.

Be part of the community business movement

There are nearly 8,000 community businesses in England and lots of ways to connect and learn from other community business leaders like you: [free organiser pack](#).

Find community businesses near yours by checking [our interactive map](#)

Join the [Community Business Network](#) on Facebook to tap into shared knowledge

Follow [@peoplesbiz](#) on Twitter for news and updates about the community business world

[Join a peer network](#) to meet organisations like yours.

Take part in [Community Business Weekend](#), a national open-doors celebration. It will take place 16-19 May in 2019.

Part Three | Application process

Other Power to Change support

Power to Change has other funding and support programmes to help develop community business.

Helping community businesses start

Community Business Trade Up

The [Community Business Trade Up](#) programme aims to help young community businesses develop their trading model. It offers 12 days of leadership development as well as a £10,000 Match-Trading™ grant. Open until 14 February for applications.

More than a Pub

The [More than a Pub](#) programme aims to bring pubs into community ownership and develop their role as centres of community which provide services for local people. The programme offers specialist business advice, feasibility funding and

a large grant/loan package for groups wishing to buy their pub. Nearly 30 pubs had opened with support from the programme in December 2018. It will reopen for applications in Summer 2019.

Homes in community hands

The [Homes in Community Hands](#) programme which opens in early-March supports communities to develop their own housing solutions to deliver affordable homes for local people. A £4.2 million, 3-year programme is to be launched in early 2019. This follows a £1 million investment in community businesses in two initial areas, Bristol and Leeds City Regions. In addition to this we invest in local infrastructure to support and advise groups throughout the community-led housing process.

Growing existing community businesses to become sustainable

Community Shares Booster Programme

The [Community Shares Booster Programme](#) matches the investment raised by community businesses through community share issues. Building on an initial £1 million pilot, this programme will provide £3 million over five years. It offers up to £100,000 in matched funding and a possible £10,000 business development support grant to get share offers ready. This is a rolling programme, delivered by the Community Shares Unit.

Next Generation programme

The [Next Generation Fund](#) supports the development of new and innovative community energy projects and business models, with a package of targeted grant funding and support.

Community Business Fund

Aimed at helping existing community businesses become more sustainable, the [Community Business Fund](#) offers grants between £50,000 and £300,000. It will be reopening in Spring 2019.

Part Four | The application form

In this section you will find all the questions from the application form and some tips to help you answer them.

We have tried to keep the form simple, while collecting all the information we need to make decisions about which applications to take further.

We ask direct questions with multiple choice options wherever possible to gather factual information while leaving free text for you to describe your project and the difference it will make in your own words. Some of the questions are required fields and some are optional.

If you leave a required field blank you will not be able to continue to the next section of the form until you have completed it. For new organisations without a delivery track record, not all of the questions will be applicable. Not being able to answer all of the optional questions at this stage does not necessarily mean that your application will be rejected.

The application form has five sections:

- About you

Data protection

Please note that the details captured via this application are deemed necessary in order to complete our review of your application for grant funds. Your personal details and those of your colleagues that you have inserted here, will be stored and processed online with the GDPR regulations.

We do ask that you gain permission from any other person whose details you supply to us for the purposes of your application. We, the Power to Change Trust and our partners who include Locality, Co-operatives UK, the Plunkett Foundation and Groundwork UK may use the information contained in your application to make decisions with reference to your suitability as an organisation to receive grant funding.

We will only store your information for as long as is necessary and will delete your information if there is no further legitimate, legal or contractual reason to keep it.

For more information and to understand your rights under the GDPR with regards to the information you supply as part of your application, please visit our [website](#).

Disability and Inclusion

Power to Change is committed to the advancement of equality, diversity and inclusion. It seeks to be a genuinely inclusive organisation by advancing equality and diversity through its policies and practices.

We encourage and welcome applications from community businesses from all backgrounds, who meet our grant requirements, and who are looking to make a real difference to the lives of their local communities.

To learn more about making your community business more accessible and inclusive for people with disabilities, please read our [guidance](#).

Please let us know by email brightideas@locality.org.uk if you need this guidance in large print, braille or audio transcript.

About your organisation (Cont.)

9. Please tell us how many people are currently involved in your organisation in a volunteer capacity:

Full time staff

Part time staff (Full Time Equivalent:FTE)

Regular volunteers

Casual volunteers

Customers/Service users (per month)

Please estimate how many of your staff and/or volunteers are from the local community

Please input the numbers of people for all that apply. If you don't know the exact figures, please provide an estimate. The answers to this question will help us to understand the level of community engagement in the day to day running of your organisation.

Example: A standard working week is five days. If you employ someone who works for 5 days a week, that person is full time and this corresponds to 1 FTE.

If you employ 3 people who work part time and each works 2.5 days, each person is 0.5 FTE. In total, you have $3 \times 0.5 = 1.5$ FTE

Regular volunteers are people who are engaged with your organisation on a frequent basis e.g once a week or twice a month. Remember to include your trustees/directors or members of your management group/committee.

Casual volunteers are people who are engaged in your organisation and support via fundraising, running events or occasional support, for example 3 or 4 times a year.

Local community could be people from your local neighbourhood, ward, a village or another clearly defined local area.

Customers or service users are the people you support each month or who purchase services or products from your business.

About the support that you are applying for

3. If you intend to apply for a grant at a later date, what level of grant do you think you might need? (pick list)

Amount in £s

I intend to apply for a grant later on but at this stage I am unsure how much

I do not intend to apply for a grant

Once accepted onto the programme and after you have agreed your community business action plan, you can apply for a grant, up to the maximum level for the stages below. Any figure that you provide now will be non-binding and doesn't represent a firm commitment – we are simply looking for an approximate amount at this stage.

If you are accepted onto the programme you do not have to apply for a grant. In these circumstances organisations would receive business development support only.

The table below provides an indication of the range of grants we would expect to award to groups at different stages of development with their community business idea.

| STAGE OF COMMUNITY BUSINESS IDEA DEVELOPMENT | GRANT RANGE |
|--|------------------|
| Ideas stage – i.e. not started yet | £1,000 - £10,000 |
| Pre-venture stage – i.e. development and testing | £1,000 - £15,000 |
